# BRANELL HOMESTEAD

# DANCE FLOOR

Find the best music and dance the night away! Branell Homestead now has a custom dance floor available for hire. The translucent white panels easily clip together to create the ultimate space for your guests to enjoy.

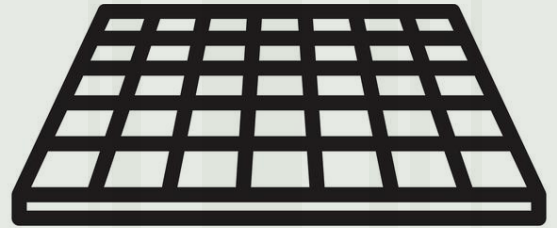

## PAVILION LAWN

### 3.6m x 3.6m

The dance floor is supplied in pieces that need to be clipped together. On departure, you can leave the dance floor in position and we will do the rest!

**\$288.00**

We have also installed festoon lighting to create the perfect atmosphere!

*Please note: Hire equipment prices increase on the 1st of January. Please book as soon as possible to avoid a price rise.*

# PAVILION *Setup Guide*

We have a number of guidelines to be aware of when setting up your reception and positioning your suppliers. Please contact us if you have any questions or concerns.

## PAVILION LAWN

The entry to our Pavilion lawn has limited access. The bollard can not be removed. No vehicles, mobile food vans or cold rooms may be positioned past this gate.

There is a sprinkler system under the lawn, so nothing can be pegged or hammered into the grass.

The only dance floor permitted is ours. It is available for hire for \$275. It is translucent, so it allows light to reach the grass.

Other items that are not permitted on the lawn include: hay bales, rugs, couches and chairs.

Anything covering the grass can damage the lawn.

## CATERER

Your caterer can be positioned in front of the roller door of the utilities block or in front of the white gates. Once you open the roller door, they can use the storage room for food preparation.

## COLD ROOM

Your mobile cold room can be positioned behind the storage room, on the grass behind the utilities block (on the other side of the white fence), or near the white gates. There is power access on the back wall of the block.
