## NOTES

*Please do not hesitate to contact us if you have any questions or if you would like some guidance.*

You are not required to use our hire gear, however we are cheaper and have no delivery fee.

If you are able to borrow some chairs and tables from your local community group or church, you are welcome to bring them along in a trailer or a truck to save some money.

We have also had brides set up the entire Pavilion as an antique kind of lounge room, with rugs and old fashioned furniture that they have brought along from their houses.

We are very flexible, so please set the Pavilion up the way you have always dreamed it would be for your wedding!
